Motivated and detail-oriented Computer Engineering student with hands-on experience in full-stack web development using the MERN stack. Proficient in building scalable applications with secure authentication, responsive UI, and RESTful APIs. Skilled in modern web technologies including JavaScript, Node.js, React, and MongoDB.Eager to contribute to real-world backend and full-stack development roles, with a strong foundation in problem-solving, version control, and team collaboration.

WORK EXPERIENCE

Eduskills   **07/2024 - 09/2024**
Intern   **Virtual**

- Completed a three-phase internship program (Beginner, Intermediate, Advanced) focused on Generative AI using Google Cloud Platform (GCP).
- Gained hands-on experience with Vertex AI, Gen App Builder, and foundation models.
- Built and deployed AI-powered applications using Google Cloud tools and APIs.
- Developed skills in prompt engineering, model fine-tuning, and responsible AI practices.

PROJECTS

Expense Tracker   02/2025 - 03/2025

- Designed and developed a full-stack web application to track and manage daily expenses.
- Implemented user authentication system with secure registration and login features.
- Enabled users to add, update, delete, and categorize expenses with real-time tracking.
- Created a responsive and modern UI using Bootstrap and interactive elements with JavaScript.
- Used Django as the backend framework to handle routing, logic, and database operations.
- Displayed expense summaries and daily breakdowns to help users monitor spending patterns.

Todo-list   12/2024 - 01/2025

- Developed a user-friendly web-based To-Do List application to manage daily tasks efficiently.
- Implemented features such as add, edit, delete, and mark as completed for each task.
- Designed a responsive UI using HTML, CSS, and JavaScript for smooth interaction and dynamic updates.
- Used PHP to handle task data and user actions.
- Integrated MySQL database for task persistence and CRUD operations.
- Used Bootstrap for better User Interaction

EDUCATION

Bachelor of Engineering in Computer Engineering
Met Institute of Engineering • GPA: 8.09   Nashik • 01/2026

Minor in Data Science

CERTIFICATIONS

Spoken Tutorial Python and C++   01/2024
IIT Bombay

Hackathon Open Source Contribution Participation   01/2024
Google Developer Group

SKILLS

C++, CSS, HTML, Java, Javascript, mongo, Mysql, Node.js, PHP, Python, Python(Django), React.js
